“I sadly didn’t discover Acorn until I reached the Operational Level. I instantly found your study manuals easy to read and follow and the exam practice kit provided lots of question practice which in my opinion is critical to exam success. I am now halfway through the strategic level, having passed every exam at the first attempt and still using Acorn as my main provider. My greatest achievement to date has been receiving a certificate from the CIMA Global President at an awards dinner last week for placing 2nd in the Management Case Study within the South East of England Area”.

“I am off to a CIMA high achievers event in a couple of weeks due to my high result in the Management Case Study, of which I must thank you for the top tuition!

I got 125 out of 150, so not massive but obviously good enough to warrant a reward! An all singing and dancing dinner at a restaurant much above my class!”
